ABOUT US¹

1. Overview	Agano Consulting Inc. and Agano Consulting (K) Ltd are sister consulting, training and research firms, incorporated in Canada and Kenya, respectively. We help businesses, government and non-government organizations meet their consulting, research and training needs. We employ diverse expertise and experience to offer solutions in Information Communication Technologies (ICTs). We work with clients to meet their challenges in order to realize promises made and in the process become the trusted partner in areas of collaboration. Our services include (but not limited to):
2. Risk Management Advisory and Training	We consult and train in risk management: Enterprise Risk Management (ERM), Business Continuity Management (BCM), Information Security Management (ISM), IT Risk Management (ITRM) and Fraud Risk Management (FRM). Focus: strategy, governance, programme development and implementation. We consult and train on all aspects from the board and senior management to the tactical and the operational. We are guided by industry standards, including ISO31000, ISO22301, ISO27001, and COBIT, among others.
3. Technology Governance & Risk Management	We consult and train in IT Strategy and Governance as relates to IT utilization in organization. In this respect IT alignment with corporate objectives is essential and as guided by the COBIT framework. This includes IT strategic planning, programme development and implementation; in addition to IT programme management, measurement and benchmarking; and includes IT Risk Management and BCM in line with ERM framework.
4. Information Security Risk Management	We provide consulting and training Information Security (Cybersecurity) Management. This ranges from cybersecurity strategy, plans and implementation. Key focus areas include, cybercrime in general, digital forensics, and penetration testing. Key training focus areas include CISSP, CISA, cybersecurity, cybercrime and digital forensics, information security audit, business continuity & disaster recovery Planning; and Project Management. Others include fraud risk management and data analytics applications.
5. ISO-related Standards Training & Consulting	We offer training and consulting in ISO-based standards, including ISO27000 (Information Security), ISO 22301 (Business Continuity Management), ISO 31000 (Risk Management), ISO 9000 series (quality management), among others. We offer both training and certification preparedness.
6. Staff Augmentation with focus on IT and Information Risk Management Professionals	We augment skills in a company where the need arises. Often companies may not have the resources to meet specific needs that may be required for a time. Our staff and associates are qualified for such positions as Chief Information Security Officer (CISO), Information Security Managers, and Information Security Analysts.
7. Intellectual Property Advisory Services	We advise inventors, artists, writers, among others, on matters of intellectual property (IP) processes and how they can benefit from the world IP regime. We help demystify the IP registration process and, in partnership with a team of lawyers, register related IP as sought by our clients.

¹ Contact us at info@aganoconsulting.com or training@aganoconsulting.com on how you can benefit from these services.
